

The #1 obstacle I faced when starting my business was ...knowing what to do next.

You know what is like, that feeling of helplessness overwhelm and just being **stuck**.

- Should I write a book?
- Do I need a blog
- What about Ad-words?
- Wordpress or Blogger?
- Youtube or Vimeo?
- Mailchimp or Aweber?
- How do I send emails?
- What is an autoresponder?
- What the crap is an affiliate program?
- Should I have one?
- What about membership sites?
- I can't decide what idea to build?
- I can't find an idea!
- If I build it, will they come?
- HOW DO I MAKE MONEY?

Any of those sound familiar?

Long hours at your desk combined with reading WAY too many blog posts have left you completely paralyzed..

Everything leads you to that same frustrating question:

How does this apply to **me**?

Last spring I was stuck. I'd tried multiple online businesses and was about to give up until I finally asked someone else to help me.

The only thing that has gotten me **UN-STUCK** is personalized advice on my exact situation from someone that has been there before.

Since then I've been able to get Videofruit and my clients featured on ESPN, Lifehacker, Moz, KISSmetrics and Hubspot.

Over the last 2 months I've opened up private coaching sessions for select Videofruit remembers.

Jacquelin was my first student. **Here is what she had to say after:**

"Highly recommend hopping on a call with Bryan if you're stuck or need more leverage!" Bryan is a amazing and always delivers amazing value! After reading his genius "formula" blog posts I had to have a call with him. He had such great ideas for how to custom implement his very "formula" strategies into my specific niche! I've taken his advice and it's working! PS: Don't be surprised if he follows up with you to see how you're doing!"

After one session Jacqueline was able to apply my '[Letterman](#)' Formula and be featured in a super popular email newsletter in her industry. She's also now featured on the homepage of the companies website.

Private coaching got me from being stuck in a job I hated last spring to quitting a cushy corporate job and doing something I love everyday.

Get Unstuck

-Bryan

PS: If you signup, make sure you are ready to work. No slackers!

PPS: This program is NOT for everyone. If your first response is "\$100!! I could never afford that!!" You are not ready.

PPSS: I'm very excited about this. I could make much more just making videos, but helping other people is a blast and honestly, I learn a ton by helping you through your hurdles.
